

PRESS RELEASE FOR IMMEDIATE RELEASE

Telecorp Inc. Considers Affiliate Partnership with iLinc.

Cheyenne, Wyoming October 3, 2008/ – TeleCorp, Inc. a leading provider of communication solutions announced today that it is considering an affiliate OEM partnership with iLinc Communications to help sell branded webinar tools and services to our customers.

The purpose of this possible relationship is to help Telecorp immediately offer more products and more resolutions for all of its present and future clients needs. Telecorp in considering this opportunity and is presently investigating and determining how to launch service while keeping Telecorp's products in the forefront and ensuring there are no conflicts of interest between the two entities.

"This association will help fill any voids that our product lines may have and make Telecorp more competitive as we continue this extraordinary growth pattern we are on" said Paul Phillips, President Telecorp, Inc. "It is clear that this is a value added service, however we also need to ensure that our mandate and continued growth in our own software solutions and development are not restricted."

Phoenix-based iLinc is a leading global provider of Webinar tools which has been very successful in its marketing programs and acquiring a large client base.

A formal agreement is anticipated in October 2008.
