Telecorp announces opportunity for acquisition

Cheyenne, Wyoming January 21, 2010– Telecorp, Inc., a leading developer of state of the art CRM and Client Contact software solutions and TBA (Practice Management Software, name held on request) of New Jersey, the developer of an all-in-one medical and mental health office software system announced today that they formulizing a agreement for this company to be acquired by Telecorp.

TBA is a cost-effective practice management software which is intuitive, easy-to-use and customizable for any specialty practice. The software system is comprehensive but inexpensively priced that includes features like scheduling, paper and electronic billing, electronic medical records (EMR), documents and electronic prescriptions.

TBA has grown its business to over 2,500 users and has clients around the world.

"We believe based on the services that TBA offers and the unique features of Telecorp's array of services we can boldly position the company for the future" stated Paul Phillips, CEO and President of Telecorp Inc. "We believe that our marketing and sales departments are key for success of TBA's robust system and we believe with our dedicated team we can enlist more trials, conversions and significant sales increases almost immediately."

Telecorp is hoping to conclude an agreement in February 2010. Details as they develop will follow. Full release of the name of company is anticipated by mid February.

"Telecorp is offering to purchase exceptional all-in-one healthcare practice software, that is both very easy-to-use and highly customizable for a wide range of different healthcare individuals and organizations, and will be mutually beneficial and synergistic with the sales capabilities, database, information technology and communications expertise of Telecorp." said Dr. Mike, CEO of TBA.

Telecorp invites interested parties to contact Mr. Paul Phillips for more details on this acquisition.
