

Telecorp Expands Web Access

Cheyenne, Wyoming May 3, 2010 – Telecorp, Inc., a leading developer of state of the art CRM and Client Contact software solutions, announced today that they have expanded its reach over the World Wide Web with more web sites and opportunities.

Telecorp in a never ending goal of improving visibility and its accessibility for various regions around the world while growing its customer base has announced today the first of several new web sites. They include www.telecorp.ca, www.telecorp.co.uk and www.telecorp.de which will help serve Canada, United Kingdom and Germany. These web sites along with www.telecorp.com will help solidify the global reach of the company. Soon these websites will address regional issues in each of the countries they serve and allow Telecorp to pinpoint the various needs of its many diverse clients within those countries boundaries.

"More opportunities and increased business will no doubt follow once these websites are fully integrated for each of these countries" announced Paul Phillips President and CEO of Telecorp Inc. "Our future marketing opportunities will soon capture all of our aspirations and dreams of our early beginnings, into a reality of a very bright future for the corporation and our shareholders."

Content specifically for each of these web sites and the countries these web sites serve, will begin to appear within the next few months. Other sites will follow as needed.
